The Dash

Application

(Must be completed and returned to Lisa by July 30, 2017)

What makes a great video?

1. Introduce yourself, teammate too (include names, ages, where you are from and what you two do for a living). Describe your personality. What do friends say about you?

Lighting Tips

- If shooting video indoors, make sure to shoot in a well-lit room with lights in front of you to light your face.
- Avoid shooting video in front of a window with bright sunlight streaming in, this will cause silhouetting.
- When shooting video outdoors, avoid having the sun directly behind you, this will also cause silhouetting.
- Shoot video during the day, not the evening, so we can see you well.

Audio Tips

- Speak loudly and clearly.
- Find a relatively quiet area to shoot your video, so ambient noises won't distract from what you're saying.
- If shooting video indoors, avoid loud and crowded rooms where your voice will be drowned out by other people.
- If shooting video outdoors, avoid loud and areas that are windy. The wind distorts the microphone.

Camera Tips

- Your video will be shown on a TV. Please shoot your video like you would see it on a TV. Please shoot video at **horizontal** orientation, not portrait (vertical) style.
