

WE ARE *Joy*

Better Together

COVID MINISTRY GUIDELINES

As we continue to minister to the whole family in many different ways, it is our desire to provide everyone with a safe environment. In order to do this and with an abundance of caution, we ask that everyone **please follow these guidelines** that will help us protect others, our families and ourselves:

- If you are not feeling well, please stay home and be well.
- Practice safe distancing, wash hands often and wear a mask as you enter, exit and move about the building.
- Reminder that seating in the Main Sanctuary will be every other row and at least 2–3 seats between family units.
- If you or someone in your household tested positive for COVID, notify your group/team leader. We ask that those in the household not participate in activities for 14 days or until a negative test is obtained.
- If you or someone in your household has been in close personal contact with an individual who tested positive, notify the group/team leader so it can be managed accordingly.

Please know that we will remain flexible and creative in serving others. We will continue to monitor the situation and adjust as needed.

Thank you for your cooperation!

**Let each of you look out not only for his own interests,
but also for the interests of others.**
